1. Background of the OIC Debate

Debating is one of the most effective ways to enhance critical thinking and reading, and to develop human capital of a nation, particularly among the youth.

Although some universities from the OIC member countries participate in major international debating events, many others are not involved in such a rewarding activity. The 2nd OIC Intervarsity Debating Championship will thus encourage their participation and bring about the sharing of skills among the students, lecturers and debate trainers in this area.

The OIC Intervarsity Debating Championship is endorsed by the then Organisation of Islamic Conference in its 36th Session of the Council of Foreign Ministers (CFM) 2009. The International Islamic University Malaysia (IIUM) has hosted the inaugural episode of this championship in the year 2010. The 2nd edition of the championship will be held during 2nd - 7th July 2012.

2. Objectives of the OIC Debate

- To promote debating as an activity for students to enhance the ummatic brotherhood among Muslim youth.
- To improve intellectual skills among the youth and impress upon them the significance of the issues affecting the Muslims.
- To raise awareness about the socioeconomic issues affecting the Muslims.
- To strengthen the human capital of the OIC nations by enhancing the skills of the youth and encouraging participation in international debates.

3. Inaugural OIC Debate 2010

The first OIC Intervarsity Debating Championship was held in Malaysia and hosted 28 teams from 12 countries. It was a very enjoyable and educative event in which students were able to discover different viewpoints and debate issues that affect the Muslims all over the world. The finalists were the International Islamic University Malaysia and the Institute of Business Administration, Dhaka University, Bangladesh. Dhaka University won the tournament by opposing the motion, "This House believes that the OIC should have its elected parliament."
